PROJECT OBJECTIVES

Team ID	PNT2022TMID1350
Project	Smart Farmer-IoT Enabled Smart Farming Application

OBJECTIVES:

1. To increase agriculture productivity and income in order to be sustainable.

2. To adapt and build resilience to climate change.

3. To reduce and/or to remove Green House Gas emission.

4. To enhance the economic development of all stake holders.

5. To manage farms using modern information and communication technologies to increase the quantity and quality of products while optimizing and monitoring automatically without the manual support.
